

The Legal 500 & The In-House Lawyer
Comparative Legal Guide
International Arbitration

The aim of this guide is to provide its readers with a pragmatic overview of the law and practice of international arbitration across a variety of jurisdictions.

The level of uniformity in this area is a topic in itself as international arbitration continues to straddle the well-ingrained legal cultures of the globe. Each chapter of this guide provides information about the current issues affecting international arbitration in a particular country and addresses topics such as the legal requirements of a valid arbitration agreement, the authority and obligations of arbitrators, the governing law and procedure, preliminary and interim relief, the rules of evidence and the enforcement of arbitral awards.

The Q&A template for each chapter has been provided by **Michael Polkinghorne** of White & Case LLP. Each chapter has been written exclusively by firms ranked within The Legal 500.
